SEDALIA, Mo. TUESDAY, FEB. 26, 1889.

ICE MEN COMFORTED.

Another Pay or Two Like Yesterday Will Make Them Solid.

The weather of the last day or two has caused the brewers, butchers and ice men to look up through their tears and smile. The mercury monkeyed sero yesterday morning and ice formed rapidly. Yesterday at noon ice on the ponds near the city had attained a thickness of three and one-half inches. Mr. Thias, of the Sedalia Brewery, has everything in readiness, and if the cold weather continues another twenty-four hours, he will have a hundred men at work day and Bazoo reporter: "If this frezee don't help us, our ice next Summer will cost us for the brewery \$3,500.

"Where will you get it?" "At Keokuk, Iowa. It is good ice and don't cost much, but the freights, Mein Gost!" and Mr. Thias dropped a tear in a mug of Sedalia's best brewed.

There has been some talk of erecting an ice factory, but the cold snap will likely nip the project in the bud. in the country. An ice factory that will manufacture twenty-five ton of ice per day will cost about \$15,000.

Weitten for the Sunday Morning Basoo. I'LL BE CONTENT.

If when at last I lie asleep No more to face the tide of life, No more to vainly sigh or weep, No more to weary grow of strife.

If then—some kindly soul will say, With heart in which some love is pent, "She failed sometimes, but 'twas her way To do her best"-I'll be content.

I'll be content, if from those years Of sacrifice, of toil and pain, Of joys so few they drown in tears, If one will say, "'twas not in vain."
